PROPOSED BELL TOWER  
SAINT ANDREW THE APOSTLE CATHOLIC CHURCH, APEX, NC

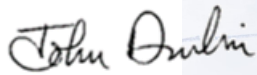

## Ringling in 40 Years

Only a couple of times in a parish's history is there an opportunity to be part of something that will be permanent structures of the parish. An installation of 3 bells, the arches from which they are hung, the platform upon which they stand, and the bricks that form the base, will all be offered as memorial opportunities. Details can be found below and on the parish website at [www.saintandrew.org/bells/](http://www.saintandrew.org/bells/).

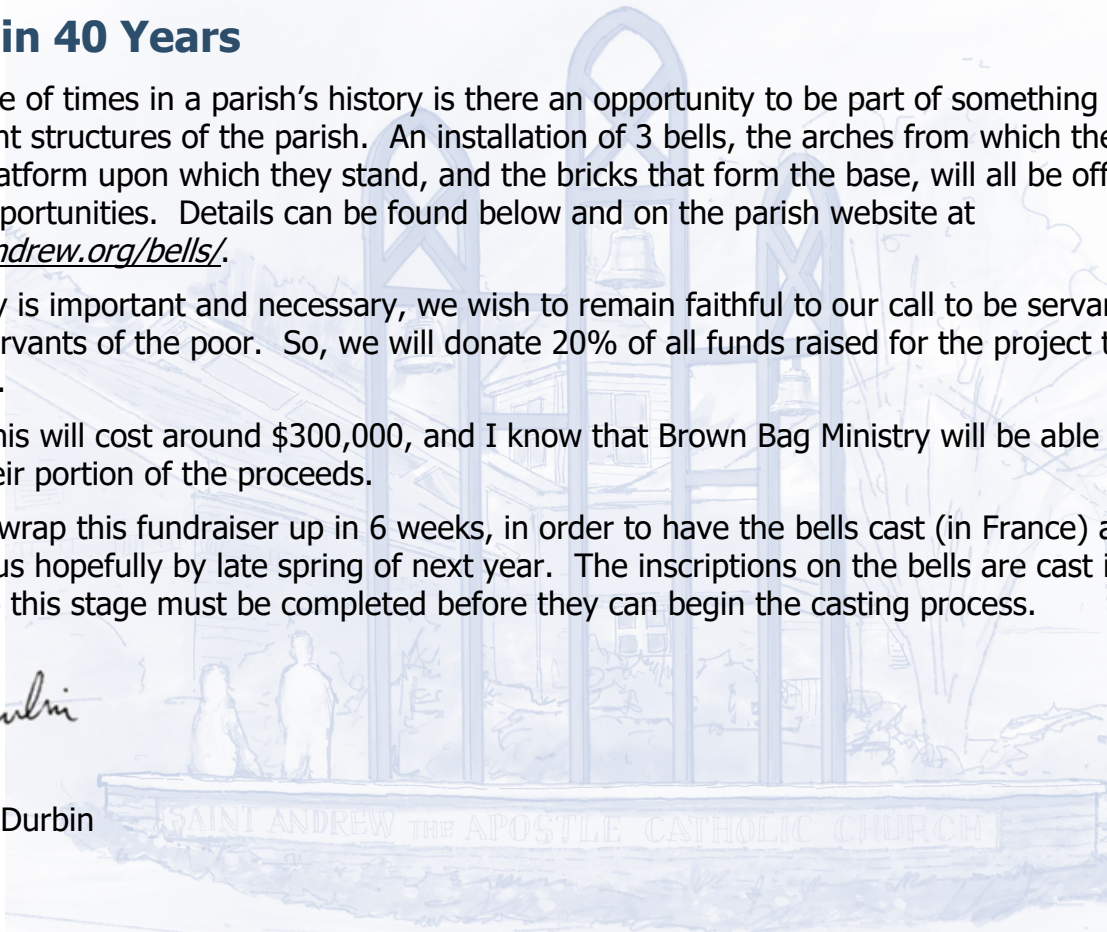

While beauty is important and necessary, we wish to remain faithful to our call to be servants, especially servants of the poor. So, we will donate 20% of all funds raised for the project to Brown Bag Ministry.

Altogether this will cost around \$300,000, and I know that Brown Bag Ministry will be able to do A LOT with their portion of the proceeds.

We hope to wrap this fundraiser up in 6 weeks, in order to have the bells cast (in France) and returned to us hopefully by late spring of next year. The inscriptions on the bells are cast into the bell itself, so this stage must be completed before they can begin the casting process.
